

# THE COMPLETE BLENDED AND INNOVATIVE FINANCE WORKSHOP

LIVE SESSION 1		Foundations of Blended and Innovative Finance
Webinar	What is blended and innovative finance — really? We'll clarify common myths, explore key principles, contextualize with what's currently going on, and unpack why it's central to achieving the SDGs and global development agendas.	
On-Demand Learning	Complete Sections 1 to 3 of the Online Course	
Expert Panel	<i>"The Power of Partnering for Innovation and Scale"</i>	
LIVE SESSION 2		Instruments, Key Terminology, Structures & Risk Sharing
Webinar	We do a deep dive into financing fundamentals, exploring all the instruments including grants, loans, equity, guarantees, insurance and an "other" category (swaps, options). And we'll analyze real deals in the market, demystifying structures and exploring how different kinds of funders share risks.	
On-Demand Learning	Complete Sections 4 and 5 of the Online Course	
Expert Panel	<i>"Behind the Scenes with Pioneers and Risk Takers"</i>	
LIVE SESSION 3		The Power of Catalytic Capital to Scale Private Funding for Development
Webinar	We explore and unpack the sustainable finance spectrum, and how catalytic capital is crucial for unlocking private sector funding, including for traditionally less commercial development sectors such as climate resilience and adaptation.	
On-Demand Learning	Complete Sections 6 and 7 of the Online Course	
Expert Panel	<i>"View from the Trenches – Opportunities Out of Chaos"</i>	
LIVE SESSION 4		Reimagining Approaches in Sustainable Finance + Career Insights
Webinar	We bring it all together, reflecting on emerging trends and challenges, how to grow impact across the funding spectrum, and career stories from seasoned professionals. Bring your questions and vision.	
On-Demand Learning	Complete Sections 8 and 9 of the Online Course	
Expert Panel	<i>"Seeing What Others Don't – Connecting Capital to Development"</i>
